Regular article

Dear Dr. Horváthová,

We have received your submission entitled "Supervised Learning for Robust Predictive Control: Safe and Tunable Approach". It has been received as a "Regular article submission.

It has been assigned the following manuscript number: **NEUCOM-D-24-09063**.

We will process the paper further and I hope to get back to you soon with my decision. In the meantime the corresponding author will be able to check on the progress of the paper by logging on to Editorial Manager at https://www.editorialmanager.com/neucom/ as an author.
Please note that the submission will be visible only on the corresponding author's account.

Thank you for submitting your work to Neurocomputing!

Kind regards,

Neurocomputing

For further assistance, please visit our customer support site at https://service.elsevier.com/app/home/supporthub/publishing/. Here you can search for solutions on a range of topics, find answers to frequently asked questions and learn more about EM via interactive tutorials. You will also find our 24/7 support contact details should you need any further assistance from one of our customer support representatives.

This journal uses the Elsevier Article Transfer Service. This means that if an editor feels your manuscript is more suitable for an alternative journal, then you might be asked to consider transferring the manuscript to such a journal. The recommendation might be provided by a Journal Editor, a dedicated Scientific Managing Editor, a tool assisted recommendation, or a combination. For more details see the journal guide for authors.

At Elsevier, we want to help all our authors to stay safe when publishing. Please be aware of fraudulent messages requesting money in return for the publication of your paper. If you are publishing open access with Elsevier, bear in mind that we will never request payment before the paper has been accepted. We have prepared some guidelines (https://www.elsevier.com/connect/authors-update/seven-top-tips-on-stopping-apc-scams) that you may find helpful, including a short video on Identifying fake acceptance letters (https://www.youtube.com/watch?v=o5l8thD9XtE). Please remember that you can contact Elsevier s Researcher Support team (https://service.elsevier.com/app/home/supporthub/publishing/) at any time if you have questions about your manuscript, and you can log into Editorial Manager to check the status of your manuscript (https://service.elsevier.com/app/answers/detail/a_id/29155/c/10530/supporthub/publishing/kw/status/).
